Luggie Super

Lightweight, Compact, Easy-folding

FreeRider

Luggie Super

is the first comfortable heavy-duty
real traveling scooter in the world
of its class.

No More compromising your...

- comfort with a smaller seat
- safety with a unstable frame
- budget with a heavy-duty scooter

Luggie Super offers the largest weight capacity of the Luggie Series. Its size and agility lets users move conveniently in and out of tight spaces such as crowded restaurants, busy city streets, and constricted airline spaces. With the two main folding features, half fold and full fold, the Luggie Super can be easily transported and stored in constricted spaces.
