

STRONGBACK

Ultra lightweight wheelchair

The **STRONGBACK** is the first off-the-shelf standard folding manual wheelchair to provide frame-integrated effective posture support. Its unique ergonomic shape promotes healthy upright sitting and ensures comfort from the first moment. The **STRONGBACK** is as convenient, easy, and simple to operate as conventional wheelchairs.

In addition to the outstanding ergonomics, the **STRONGBACK** also scores with stylishly curved lines and its elegant yet sporty color scheme, and it exhibits all the benefits expected in an ultra-lightweight wheelchair; it is easily foldable, simple to use, and highly portable.

The Ergonomic Wheelchair

- The **STRONGBACK** conforms to and supports the natural and healthy lumbar curve of the spine
- The shape of the **STRONGBACK** prevents the user from slouching forward and squeezing spinal discs with a tremendous amount of unhealthy pressure.
- The first-class ergonomics offer unrivaled comfort and health benefits.
- The patented **STRONGBACK** technology is the evolution of the conventional folding wheelchair – thanks to effective posture support.
