24v/250W brushless motors
Regenerative and electromechanical
Front
17" x 17" black foam
20.25" with standard cushion 18.75" without cushion
Up to 9.3 miles
35A Brushless Micon
Base: 39.6 lbs. Battery: 4 lbs.
43.6 lbs. with batteries
24V 12AH (288WH) lithium-ion
2 amp, lithium-ion off-board
Lifetime limited on frame; 1-year limited on electrical control/ lever system, motor/drive system, bearing sleeve and battery

- 1 Jazzy® Power Chairs are FDA Class II Medical Devices designed to aid individuals with mobility impairments.
- 2 Varies with user weight, terrain type, battery amp-hour (AH), battery charge, battery condition and tire condition. These specifications can be subject to a variance of (+/- 10%).
- 3 Due to manufacturing tolerances and continual product improvement, this specification can be subject to a variance of (+ or - 3%). Total weight includes base, seat and batteries.
- 5 Tested in accordance with ANSI/RESNA, WC Vol2, section 4 & ISO 7176-4 standards. Results derived from theoretical calculations based on battery specifications and drive system performance. Test conducted at maximum weight capacity.
- 6 Battery weight may vary based on manufacturer.

NOTE: All specifications subject to change without notice. The information contained herein is correct at the time of publication; we reserve the right to alter specifications without prior notice. Speed and range vary with user weight, terrain type, battery charge, battery condition and tire pressure. Due to manufacturing tolerances and continual product improvement, length, width, turning radius and ground clearance can be subject to variance of + or -3 %. Special order seats or non-standard dimensions will not be fold-flat and depth-adjustable.

Travel Lite

You know Jazzy® for its industry-leading performance and quality. Now let's talk about portability. The Jazzy® Carbon uses ultralight but exceptionally strong carbon fiber technology for its frame and a lightweight, reliable lithium-ion battery.

Travelers keep their Jazzy Carbon charged and standing by for spontaneous jet-setting adventures. They know it breezes through airport security, easily stows on the plane and gives them the mobility support they need to make the most of their travels.

Weighing in at a stunning 43.6 pounds, the Jazzy Carbon still provides top speeds up to 3.7 mph with a weight capacity of 300 pounds.

- Joystick with built in USB charger is removable for transport
- Airline compliant lithium battery*
- Front suspension for a smooth ride
- Ultra-lightweight, carbon fiber frame specifically designed for traveling
- Compact base easily folds and unfolds for easy transport in a few easy steps
- Padded seat back with storage pocket and soft, removable seat cushion for all-day comfort
- Free-wheel levers easily disengage the brake, allowing this lightweight power chair to be pushed like a manual chair
- Under-seat storage and adjustable lap belt
